

Bridges

Dear Guest,

The dynamic wine list of restaurant Bridges offers guests a wide variety of grapes and flavours. On the wine list you will find quality wines that are produced in a professional way with respect for nature. The collection of beautiful wines from different regions worldwide, each with its own character and flavour, vary from renowned classic wines to innovative less known wines. With great pride we serve wines from Dutch soil as well. Our team is constantly looking for new additions to further develop the wine list.

If you would like to have a recommendation, we are more than happy to help you find the perfect wine for every occasion. If you prefer to drink wine by the glass, please ask one of our ambassadors to assist.

We wish you a wonderful time at restaurant Bridges!

With warm regards,

Joshua Mullock
Director of Wine

The Netherlands

Wines from The Netherlands deserve a highlight on our wine list. The quality improved drastically over recent years. These wines are certainly not inferior to other regions and express themselves in a unique, fresh and clean way. At Bridges, we are big fans of Dutch wines and our goal is to expand this fan base.
